Weak Hearts

Are due to indigestion. Ninety-sine of svery one hundred people who have heart trimble can remember when it was ample indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only recasable to, but are the direct result of indigestion. All tood taken into the stomach which tails of perfect digestion farmants and sevells the animach, puffing it up against the heart. This interferes with the sotion of the heart, and in the course of time that delicate but vital organ becomes diseased.
